

THE CHARIS PROJECT

The aim of the Charis Project is to promote the spiritual and moral development of pupils through the teaching of a range of subjects across the curriculum.

The Charis Project resources have been published in the following subjects: English, French, German, Mathematics and Science. Full details are available on the inside back cover.

The Charis Project had been funded by the Jerusalem Trust, one of the Sainsbury Family Charitable Trusts.

The Charis Mathematics Team:

Tim Archer	The John Warner School, Hoddesdon
Tim James	Garendon High School, Loughborough
Emma Spencer	St John's School, Wiltshire
Cathy Williamson	Francis Holland School, London

Writer:	Cathy Williamson	
Editor:	John Shortt	Head of Research and Development, The Stapleford Centre
Theological Advisor:	John Shortt	Head of Research and Development, The Stapleford Centre

The Charis Mathematics Team are grateful for the advice and comments from the following teachers during the preparation of these resources:

Sue Berridge	SEN consultant
